Patricia P. Gundelfingen

Frontend Developer · Multimedia Design Student

Multimedia Design student seeking a 10-week frontend development internship in Warsaw. I build responsive, accessible web applications with Vue 3, TypeScript and React, and my design background helps me think from the user's point of view. I enjoy reusable components, clean code and turning designs into working products.

PROJECTS

Purrify – Music Web App

2026 · Solo

Vue 3 · TypeScript · Tailwind CSS · Spotify Web API

- Built a music app with search, playlists, favorites, recently played and player controls.
- Integrated the Spotify Web API with OAuth 2.0 (PKCE), using reusable components and composables.

Business Region DE-DK – Website Redesign

2026 · Team of 4

Vue 3 · JavaScript · Tailwind CSS · Vite

- Primary frontend developer: built most pages, reusable components, search and sorting, and a multi-step form.
- Added SEO metadata, Schema.org data and accessibility improvements, verified with Lighthouse.
